Principal Report

- 10 new staff joining the staff in teaching and allied professionals. Induction day on the 5th of December.
- Kiss and Drive and driving around the school – increasingly frustrating for admin staff. Parents are not parking in the right spots and it is very concerning and dangerous for the students. There is also a number of students not wearing helmets and riding through the back carpark. Notices to go in Keeping in the Loop and admin presence.
- Kiss and Drive – to have 3 car kiss and drive out the back and going to grass both of them with bench seats and a path near the cricket nets. Going to do video of kiss and drive to show how to use it properly.
- Interschool athletics carnival – 4th out of 7 schools at interschool.
- Home Reading is strongly encouraged. YARC testing shows which students read at home as can see the progress. Running a reading challenge over the holidays – especially important for students in Years 2 and 4 home as NAPLAN is early in the year in Term 1.
- Public School review - thank you to all those who contributed – lots of positive things to say. The school received a 3 year review.
- Thank you to Gulshun for taking on the role of President and to the other Office Bearers and thank you to the members for all the work you do we really appreciate it to raise money for our school. Would like to see how we can get more members as every child benefits. I can't thank you all enough because what you do for the school and the money goes to. Thank you to Sue and Evan who give up their time to attend P&C meetings.
